

SPORTING BIG SCREENS

Internationally sports stadiums, arenas and entertainment venues are capitalizing on giving the spectator an ultimate entertainment experience by investing in revolutionary LED display solutions. The large format live video walls custom designed for each environment affords the spectator attention grabbing viewing before, during and after an event or game.

Questek Advanced Technology, South Africa's leading distributor of the Barco range of Slite and Dlite LED display solutions has closely been following the installations of a number of video solutions in sports stadium throughout Europe, the Middle East and Asia as well as the North America. Countries such as Qatar, Denmark, Germany, Austria, Greece and the United States have recently commissioned Barco to provide turnkey solutions for stadiums that host athletics, soccer and horseracing.

Whether it's soccer, athletics, rugby, cricket or horseracing the hardware and software solutions are custom designed for each client and their environment to maximize the use of the display solution. These displays undoubtedly enhance the scoring, fan/spectator interaction and advertising opportunities in the stadium.

Barco's Slite and Dlite product ranges offers maximum functionality, exceptional quality, reliability and most importantly, QAT and Barco are conscious of their customer's needs to realize a significant return on their investment.
